Returns and Refunds Policy

Please note that

- All requests for refunds should be in writing from a parent/carer to the Finance Office.
- Notwithstanding the details below, with the agreement of a Senior Leadership Team (SLT) member of a relevant school to meet additional costs from within delegated budget limits, the Trust will consider all reasonable requests for discretionary refunds. No particular award outside of this procedure will constitute a precedent.

The Trust will only pay a full refund to the person who made the initial payment if:

- An item sold by the Trust is
 - accompanied with proof of purchase and
 - is unused, undamaged and is no longer required for any reason, within 14 days of purchase or
 - faulty (Please note that a replacement may be offered instead) or
 - not as described or
 - does not fulfil its intended purpose.
- The Trust is forced to cancel a trip, visit, or activity for reasons not highlighted when offered as being a risk to the parent/carer. In this case refunds will not be made until any funds payable by the Trust's insurers have been paid to the Trust
- The Trust or one of its School staff has to withdraw a child from a trip, visit, or activity unless withdrawn due to that child's behaviour. If a child is withdrawn from a school event or visit due to concerns over that child's behaviour, no refund will be payable.
- There is a balance remaining on the child's cashless catering account. Balances will be repaid on request
- Event tickets will only be refunded in the event of being resold and all the performances for the production already being sold out.

The Trust will only pay a partial refund to the person who made the initial payment if:

- A parent/carer withdraws their child from a School trip, visit or activity after the payment deadline has passed and there are funds remaining both unpaid and uncommitted to suppliers. The refund will be the sum paid less costs incurred to make the refund; less sums paid or committed plus any amount that can be recovered via the Trust's insurance policy.
- Contributions for a trip, visit, or activity have exceeded the total cost (including any payments involved in paying refunds). In such instances, the excess will be refunded

The Trust will NOT pay a refund if:

- A parent/carer withdraws their child from a School trip, visit or activity after the initial deadline has passed and the Trust has paid or is committed to pay to reserve a place on the trip, visit or activity and the cost cannot be recovered via the Trust's insurance policy NB This clause will still apply even if a child has left the school as, in most cases a student will still be able to attend a school visit
- The Trust is forced to withdraw a child from an activity due to the child's bad behaviour.
- An item is no longer wanted, but is not faulty, after 14 Trust days have elapsed since purchasing.
- Returned event tickets are re-sold, unless all the performances for the production are already sold out
- The initial payment was made directly to a 3rd party
